

Read Attached Instructions Carefully Before Completing This Form

NOTICE OF INTENT (NOI)

For Hydrostatic Test Discharges From New Pipelines And Storage Tanks, and/or Existing Pipelines and Storage Tanks Exposed to Crude and Refined Petroleum Products Or Natural/Liquified Petroleum Gases

Authorized by a Kansas Water Pollution Control General Permit
Under the National Pollutant Discharge Elimination System

Submission of this Notice of Intent constitutes notice that the party identified in Section I of this form requests authorization for coverage under a Kansas Water Pollution Control general permit issued for hydrostatic test discharges from new pipelines and storage tanks never exposed to any product and/or existing pipelines and storage tanks exposed to crude and refined petroleum products or natural/liquified petroleum gases, in the State of Kansas. Becoming a permittee obligates the discharger to comply with the terms and conditions of the general permit. **Completion of this NOI does not provide automatic coverage under the general permit. You will be issued a signed and dated general permit. ONLY COMPLETE APPLICATIONS WILL BE PROCESSED. A separate NOI is required for each noncontiguous project for which there will be a discharge. Please Print or Type.**

I. PROPOSED PERMITTEE & PROJECT/FACILITY LOCATION INFORMATION

A. Proposed Permittee's Name: _____

B. Mailing Address: _____

City: _____ State: _____ Zip: _____

C. Name of Project/Facility: _____

City: _____ State: _____ Zip: _____

D. Contact Person: _____ Phone #: _____ Fax #: _____

E. Will permit records be located on site ☐ Y; ☐ N. If no, business name where records will be kept:

Name: _____

Mailing Address: _____

City: _____ State: _____ Zip: _____

F. ACTIVITY NUMBER - check the activity numbers applicable to your facility/Project:

I Hydrostatic test discharge from **NEW**: (a) pipelines ☐ Y; (b) storage tanks ☐ Y;

II Hydrostatic test discharge from **EXISTING** petroleum & petroleum products: (a) pipelines ☐ Y; (b) storage tanks ☐ Y;

III Hydrostatic test discharge from **EXISTING** L.P gas/natural gas: (a) pipelines ☐ Y; (b) storage tanks ☐ Y;

G. Legal description and receiving stream for each applicable activity (insert activity number):

Activity ____ / Legal: ____ ¼, Section ____, Township ____ S, Range ____ E/W, County _____

Receiving stream: _____

Activity ____ / Legal: ____ ¼, Section ____, Township ____ S, Range ____ E/W, County _____

Receiving stream: _____

Activity ____ / Legal: ____ ¼, Section ____, Township ____ S, Range ____ E/W, County _____

Receiving stream: _____

Activity ____ / Legal: ____ ¼, Section ____, Township ____ S, Range ____ E/W, County _____

Receiving stream: _____

H. Provide here or on a cover letter to this application, a brief description of the project. (Length and diameter of pipe or capacity of tank to be tested, total amount of hydrotest water to be used, estimated start and completion date of the project **and** hydrotest, and any other information which may be pertinent to the discharge).

II. DISCHARGE INFORMATION

A. What is the source of water to be used for this hydrotest? _____
Is the quality equal to or better than the receiving water quality? ☐Y; ☐N; ☐Unknown
Have you enclosed an analysis report to confirm supply water quality? ☐Y; ☐N
If the hydrotest supply water is of unknown quality or of lesser quality than the receiving stream, you may be required to apply for an individual permit or provide an analysis of the water supply source. Please contact KDHE before conducting such an analysis.

B. Do you use any water treatment additives in the test water? ☐Y; ☐N
If yes, you may be required to apply for an individual NPDES permit. Please contact KDHE for further information.

C. Briefly describe the treatment and/or the best management practices you propose to implement to comply with applicable permit limitations and prevent any oil sheen, control soil erosion, reduce turbidity, and to reduce total residual chlorine toxicity (if chlorine is present in the source water):

D. Is any discharge(s) located on Indian Lands? Q Y; Q N

E. Are there any intakes for public drinking water supplies located within ½ mile down stream of the discharge points? Q Y; Q N

F. Are any threatened or endangered species, species in need of conservation, or their critical or crucial habitats known to be present near the site? ☐Y; ☐N

Call the Kansas Department of Wildlife and Parks (KDWP) at (620) 672-5911 for assistance in this determination. If yes, KDHE, with input from KDWP, will determine if this project/land application site can be covered under this general permit. If coverage can not be granted under this general permit, an individual permit will be required.

- G. Anticipated Start Date of Discharge: _____ and Completion Date of Discharge: _____
- H. Duration of Discharge in hours: _____ and average rate of flow in gallons/minute: _____
- I. Do you plan to disturb one or more acres of surface area within a common drainage basin?
If, yes see NOI Instructions. Q Y; Q N
- J. Maps: Attach appropriate map(s) showing all information as detailed in the instructions.

III. ANNUAL FEE

Enclose a check for the first year of the annual fee (current fee is \$60.00) specified in K.A.R. 28-16-56 et seq. as amended (Make the check payable to "KDHE-Water Pollution Control Permit"). **Applications submitted without permit fee are incomplete and will not be processed until the fee is paid.**

IV. COORDINATION WITH OTHER STATE AND LOCAL AGENCIES

The applicant is aware and responsible for compliance with the requirements of the Kansas Nongame and Endangered Species Conservation Act relating to the protection of threatened or endangered species, species in need of conservation, or their critical or crucial habitats under K.A.R. 115-15-1 and K.S.A. 32-957 to 963, 32-1009 to 1012 and 32-1033; sites listed or eligible for listing on the National Register of Historic Places which are likely to be adversely affected; water appropriation from Kansas Department of Agriculture - Water Resources Division; and any other appropriate and applicable federal, state and local government laws.

V. APPLICANT CERTIFICATIONS

I, the undersigned, certify that I have read and understand the requirements and conditions of the NPDES general permit application for hydrostatic test discharges from new pipelines and storage tanks never exposed to any product and/or existing pipelines and storage tanks exposed to crude and refined petroleum products or natural/liquified petroleum gases. I understand that continued coverage under the NPDES general permit for these discharges is contingent upon maintaining eligibility as provided for in the requirements and conditions of the general permit.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on the inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. Furthermore, I certify that I am authorized to sign this application for the applicant named herein.
